A Chippendale Settee of historic interest

A little group of Philadelphia chair makers of the 18th Century produced pieces of more subtle charm, according to some authorities, than any-thing done by the masters of England. An ex-ample of this is the beautiful Chippendale couch, formerly on exhibition in Independence Hall.

In Danersk Furniture this rare piece is made to live again. Except for a deepening of the seat and a more comfortable incline of the back it is an exact reproduction of the original.

You are cordially wilcome in our salesrooms. Whether you wish to purchase or not, you will be interested in our many productions.

Window signs fail to sell furniture; Tribune Want Ad brings buyers quickly!

MANY Chicago families now located in new apartments will find that some of their old furnishings are not suited to the new quarters.

If you have decided that some replacements will be necessary, you can sell what you wish through The Tribune Want Ad Section and cut the cost of new furniture considerably.

How satisfactorily a Tribune Want Ad sells in comparison with other methods is illustrated by the experience of Mrs. J. P Cummings of 521 N. Central Park Avenue. Signs in her window failed to sell any of the furniture she wished to dispose of. But by advertising in The Tribune she was able to sell everything in less than a week.

Don't overlook this opportunity to turn your old furniture into dollars! It makes no difference whether you have one piece or a houseful—a Tribune Want Ad will bring you buyers! Phone—

HEART DISEASE IS "PRICE WE PAY."

WE FALL

HEN we read of the increasing prevalence of heart disease we should remember that the responsibility rests with the men of another generation. It is a part of the price we are paying for what hope Seltz has termed "The Dreadfulled to the price we are paying for what has termed "The Dreadfulled to the price we are paying for what has termed "The Dreadfulled to the price we are paying for what has termed "The Dreadfulled to the price we are paying for what has termed to the price we are paying for what has termed to the price we have the price we have the price we have the price we have the paying for what has termed to the price we have the pri

Decade."

The great increase in heart disease is in people 65 years old and elder. Most of these people are now having heart disease because they had rheumatism back yonder about 1875, when somewhere about 16 years of age.

The very peak of the increase is among persons 80 years old and over, and in their heart disease they are reaping the results of rheumatism and other diseases suffered on the Rappahannock river, and in camps elsewhere during the civil way.

Some New York City figures show that heart disease in children under 10 years of age is decreasing. These figures are in accord with British figures, though they are contradicted by reports from Chicago. These New York figures show Chicago. These New York figures show no particular increase in heart disease until we reach the group of people who are 40-45 years old. Most of the people in that group had rheumatism, choras, growing pains, scariet fever and other infections about 1890. These infections headed them for the heart disease which now disables them. The great bulk of the heart disease of today is the result of neglect of health, which we were guilty of prior to 1890.

is the result of neglect of health, which we were guilty of prior to 1890. Dr. Wyckoff writes that of one group of 1,000 people with heart disease, 430 had crippled hearts following in the wake of rheumatism; 220 had harden-ing of the arteries; 90 attributed their heart disease to syphilis; 260 belonged ing of the arteries; 90 attributed their heart disease to syphilis; 260 belonged in a mixed group not so easily placed. Doubtless some of these had heart dis-sase resulting from scarlet fever, diph-therta, typhoid fever and pneumonia. Too much tobacco was doubtless the cause of the undoing of some.

In another group of 695 people, all with advanced heart disease, 280 had hardening of the arteries; 189 had had heumatism; 70 had had syphilis; and 139 were in the miscellaneous group.

If we would avoid heart disease our parents must start with us in our childparents must start with us in our canal-hood. They must see to it that we are kept away from people capable of in-fecting us with scarlet fever and other diseases. They must look after our teeth and tonsils. They must not neglect teeth and tonsils. They must not neglect our growing pains and our mild attacks of rheumatism. As we grow into adult life we must protect ourselves against rheumatism, sore throat, typhoid fever and pneumonia. We must keep our teeth and tonsils in order. And if we do all these things, some forty to sixty years from now we will find ourselves enjoying a healthy old age, free from heart disease, and the record keeper will check up another victory in the fight against preventable disorders.

POLLUTION CAUSES INPECTIONS. H. writes: Recently I saw in your col-I am very fond of this sport but have had to give it up in the various streams here because pollution is so widespread we get an unfortunately large percentge of infections. Those which are most frequent here are infections of the external auditory meatus and, strangely enough, of the middle ear. A recent shop inspection showed the bearings to be in as good condition as the day in 1923 when they entered service.

325,000 miles of the smoothest railroad travel ever known!

Here was the first actual demonstration of a sensationally new degree of comfort in railroad travel on bearings that have played so important a part in the development of the automobile and in the improvement of industrial and agricultural equipment generally.

Most astonishing of all is the smoothness with which Hyatt equipped coaches start, their speedy acceleration, and the supreme quiet ease of travel.

On over fifty roads a large number of cars with Hyatt Quiet Bearings, are now contributing the same degree of passenger comfort.

And - most important to railroad officials - Hyatts are also effecting huge measures of operating efficiency and economy. The records are at the disposal of every railroad.

This, too, is deeply significant to the public, because the prosperity of the railroads exercises a tremendous effect on the prosperity of the

So far as is known, none of the commissioners has altered his positive on air rights. President Jackson and Commissioners W. J. Smith and Paukun are said to favor the air grants while Commissioners P. H. Moynthar Alexander J. Johnson, H. W. Trovilion, and Edward H. Wright are considered as opposing the grants.

"The announced position on air rights of the majority of the Hilling commerce commission, as summerised in Tax Tanuna, should intinately concern every one interested in the proper and adequate development of Chicago," said Aid. Kaindl, in his defense of the city.

They compelle the Northwestern to provide space to autos on its own land. The statdid not suggest it.

Gives Credit to City.

"It was the city which also compelle the Union station to provide space for autos on its own land. It was not the state utilities commission. It was the city which compelled the widening of Canal street, the construction of the Monroe street bridge, the widening and applications of the state of the stat

"Streets, viaduots and drives were the objectives of the city and the South Park commission in the Illinois Central ordinance. It will be the city and the South Park commission which will make possible the outer drived from Grant park to the Indiana line which will not only relieve congestion very substantially but will be one of the most magnificent drives in the

world.

"The state commission initiates nothing in connection with it—no even conversation of an impressive character. It was the city and the park board which obtained all the via ducts across the right of way of the Illinois Central—not the state. "I only point out that they start out on the wrong foot to make a convincing argument. It will take citation of sundry acts of the commission to impress informed persons that the state commission is more concerned, more capable, more skilled, and more experienced in getting more and wider streets in Chicago than are the city officials, or have shown more regard for public weifare and convenience in wider and more streets than have the city officials.

Some Things Not Done.

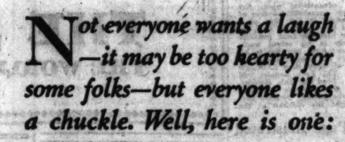

"Unquestionably the city has not done some things with reference to more and wider streets which it should have done; and has been slow in doing some of the things it has done; but all that is beside the issue and I therefore do not point out spots where I think the commission has not been progressive. Such attacks get no improvements—and they are the things substantial citizens are interested in."

Here's another kind of Chuckle

I've got another kind of chuckle, too—a dandy, old-fashioned, fine, sugar candy—

pure as a baby's smile. I call them Chuckles, because they tickle the palate.

In these days of high prices you'll be glad to know a nickel buys so much.

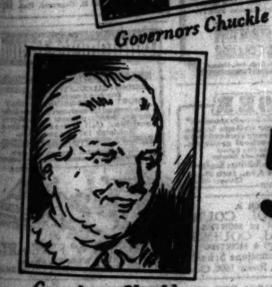

Buy a package anywhere and give yourself an inspiration, because:

FREE If you know a chuckle, old or new, something you have heard or some tom-fool thing you have experienced, send it to me. If I use it, I'll pay you a regular dollar, and send enough Chuckles in a tidy tin to keep you chuckling all week. Let's give each other a chuckle—why be so serious! Chuckles kill blues—help in putting—make better fishermen—win bridge games—and keep kiddies happy and sweet.

Send your chuckle today. Yes, siree, I'm for chuckles.

The West's Fig Control the G.O.P.

POLITICAL STORM-CLOUD now forming on the Western horizon may grow so large and lowering that some predict it will become a determining factor in the choice of a Republican Presidential candidate next year, and the drafting of the Republican platform. Far-Western Republican insurgents, under the joint leadership of Senator Norris of Nebraska and Senator Borah of Idaho, have organized to challenge the present Eastern domination of their party, have tentatively selected Senator Norris as their candidate for President, and have issued a statement which is in effect a manifesto to the present G. O. P. leaders. "Nothing since the statement of President Coolidge about not choosing to run (now re-enforced by his statement that he would not consent to be drafted) has upset the political situation in the Republican party quite so much as this organization," says David Lawrence in a Consolidated Press dispatch from Chicago.

THIS LATEST ATTEMPT to organize the insurgent Republicanism of the Western farming States had its visible beginning on October 8, when Senator George W. Norris of Nebraska, Gerald P. Nye of North Dakota, Smith W. Brookhart of Iowa, and William E. Borah of Idaho met in Senator Borah's Washington office to formulate their plan of campaign. This was followed by other conferences in which other insurgent leaders participated, and on October 12 it was announced that Senator Norris' Progressive colleagues are planning to enter his name in the Presidential primaries in the fourteen States that have direct election of delegates, including the Eastern stronghold of the Republican Old Guard.

The leading article in The Literary Digest this week deals with this unique change in the political situation, from all angles. It presents the views of outstanding newspapers from coast to coast. It is illustrated by timely and humorous cartoons.

Stagg's Marcons will meet Ohio State

Stagg's Marcons will meet Ohio State of Columbus on Saturday in a struggle which will command a lot of interest from the football world.

Coach Stagg and his players are described for the way they recovered from the Oklahoma defeat to win over three-sirong elevens.

The work of both teams will be watched closely. Dr. John W. Wilce, a former Wisconsin player who has done much for Ohio State football, is being or criticized severely by a faction of the backs sent into the follorities. Michigan may beat Illinois again Saturday at Urbana, but defeat won't dim the luster of the things Harold Grange, the redhead, did against the Wolverines a few years back. Michigan may beat the Illini again to make it the tenth time in thirteen battles, and then again the downstaters might uncork one of their many surprises to whip the powerful Maize and Blue, but, either way, Illinois still will point to what the nimble redhead accomplished against Michigan in the fall of 1924 as in that they are of poor but honest

Marek, Grimm, Eby, Huston and Ohsner, the Ohio backs, are good ball carriers. They also can toss and receive forward passes. Eby is just as good a punter as McDonough of Chicago. Aside from McDonough Coach Stagg will use Andersen, Mendenhall, Burgess, Leyers and Raysson in the back field. While the Msroon back field is not quite as fiashy as the Ohio ball carriers, they are consistent.

You may be the most careful of drivers, but your carefulness cannot protect you against the carelessness of others.

There is, however, one certain form of protection: REAL INSURANCE. Insurance service is one of the benefits to which members of the Chicago Motor Club are entitled. A policy is issued which is free from technical loopholes. Tires and accessories are covered without additional charge.

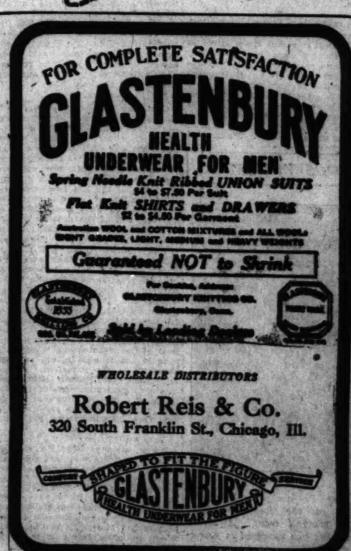

Every year since the organization of the Inter-Insurance Exchange of the Chicago Motor Club, savings have been returned to subscribers based on the amount they have paid for their insurance. This saving has never been less than 20%.

For the first time in several weeks the Marquette team will be at full strength against the Iowa collegians, and indications are that Murray will be able to start a veteran back field, including Capt. Leary, full back; to O'Keefe, quarter back, and Gebert and Crowley, half backs.

Millikin Back Out.

Decatur, Ill., Oct. 26.—[Special.]—Millikin will renew a 23 year rivalry with Illinois Wesleyan on Millikin field here Friday. Wesleyan is undefeated in the state conference while Millikin has lost one game. Hastings, Millikin's regular half back, is on the side lines from an injury received in the Loyola game. Sockler and Gidcomb will start in the back field and Hankins, Wilmoth or Dever will be available for replacements.

2 Ever-Ready Blades and Ever-Ready Razor free!

to introduce the greatest blade in the history of edge making

THE new Ever-Ready is a vastly I superior blade. If it were not, the offer we are making would be financially impossible. No matter what razor you are using we can prove to you that. the new Ever-Ready Blades represent the last word in shaving ease and hexury.

We challenge any other blade to shave as well as the new Ever-Ready. To the great army of men who for years have been ving the Ever-Ready Razor and Ever-Ready Blades, this announcement of our new blade with its wonderful shaving qualities is naturally interesting.

For users of razors other than Ever-Ready-we make it doubly easy to try the new Buer-Ready Blades. It would be unfair to ask you to buy a razor to make this test. Just buy a package of to Ever-Ready Blades, no matter what razor you now use. Without cost to you, we'll supply the razor—a hand-some new triple-nickeled, self-adjusting Ever-Ready Razor with two extra blades. If we do not prove our case, the test costs you

Our challenge is the boldest and most fearless to which a razor manufacturer could subject his product. At the same time, it is the easiest and fairest to the shaver, because you don't pay if we don't prove.

CHALLENGE OFFER

For a period of two weeks, your dealer will sell you a package of 10 of the new Ever-Ready Blades for 69c.

With it, he will give you the finest standard Ever-Ready Razor, and 2 additional new Ever-Ready Blades FREE. Some people hesitate to return merchandise after they have opened a package; for this reason we have added these two gratis blades so that you will not hesitate to use them first, to prove the superiority of our product.

Then, if in your opinion, we have not proven our case, return the package of 10 blades intact and get the entire purchase price back.

In towns where we have run this remarkable offer, we have converted hundreds and hundreds of men who had been using another brand of razor for years past. These men were so in the habit of buying blades to fit their old razor that it was hard to get them to try a new razor through an out-and-out purchase. Year in and year out these men had been actepting poor blades and poor shaves as a matter of habit because they "never knew that self-shaving could be any better than that

which they had experienced." They accepted the Challenge Outlit and convinced themselves. You, too, may think you are estisfied with your present razor and blades. You, too, may be putting up with bad shaves from force of habit because you imagine you are shaving with the best.

It is just such men as you that we hope to interest in this offer, because we know that we can prove our case 100 per cent. After all, if you don't agree with us, we pay

As this challenge offer is for a limited period—take advantage of it at once—now—while you think of it. You will gain a new conception of clean, quick self-shaving.

Englishmen have a way of speaking of a man, not in terms of his wealth, but in terms of his income. To say that a man "has an income" of a thousand pounds means more to them than to say he is "worth" a certain amount of

Behind this line of reasoning is a principle worthy of the consideration of every investor. Wealth is of value only as it is engaged in the production of more wealth. A constant and assured income is produced only by safe investments. What you accumulate is of less importance than the use to which you put your accumulation.

Think in terms of safe incomes—and your principal will very largely take care of itself. Buy good Municipal, Public Utility and Industrial bonds.

Give the Strongest Backing To Your Best Salesman-

WHETHER a store be large or small, the more customers it has the greater turnover and profit it will make. The

modern way to get customers is to send advertising out after them—and the best medium for your advertising is The Tribune. When you place an advertisement in the Daily Tribune, overnight it places your message before 64% of the families in Chicago and suburbs—reaches practically all the English-speaking buying power of the community. You couldn't do better if you rang every residence phone in the city. No other Chicago daily could do as well with its total circulation, and Tribune readers respond to advertising better than those of other media.

The Sunday Tribune tells your sales message to 74% of the families in Chicago and suburbs blankets the buying power of the territory for you. This gives you more prospects than you could reach with any other medium whatever.

You can reach fewer prospects, a smaller market, by using other means of advertising. But this is an economic waste because when you limit your number of prospects you alow down turnover and lower profits. The Tribune does the best job—is your best salesman. Decide now to get maximum business with intensive advertising in The Tribune!

Shell Pipe Line Corporation

Twenty-Five Year 5% Sinking Fund Gold Debentures

SHELL UNION OIL CORPORATION: Shell Union Oil Corporation, through its subsidiary companies, is one of the largest producing, refining and marketing companies in the oil industry of the United States, properties including net production of approximately 100,000 barrels a day, 1,850 miles of trunk and main pipe lines and refineries with aggregate capacity of 180,000 barrels a day. Sales, 1926, over \$149,000,000. Shell Union Oil Corporation owns the entire capital stock of Shell Pipe Line Corporation, except directors' qualifying shares, and unconditionally guarantees principal, interest and sinking fund of these Debentures.

SHELL PIPE LINE CORPORATION: Shell Pipe Line Corporation, formerly Ozark
Pipe Line Corporation, is the oil pipe line owning and operating subsidiary of
the Shell Union Oil Corporation in the middle west, its pipe line system extending through the length of the Mid-Continent field northward to the refineries
of the Roxana Petroleum Corporation in Kansas, at East St. Louis, Illinois, on
the Mississippi River, and at East Chicago, Indiana, on Lake Michigan.

ASSETS: Consolidated net assets of Shell Union Oil Corporation and subsidiary companies, based on balance sheet as at June 30, 1927, giving effect to this financing, after deducting all liabilities other than funded debt, were \$314,822,950, or more than 390% of the \$80,000,000 combined total funded debt now to be outstanding. Total current assets, exclusive of proceeds of this financing, more than 5 times total current liabilities. Shell Union Oil Corporation and its subsidiary control of the state of the s sidiary companies have no floating debt.

EARNINGS: Consolidated net earnings of Shell Union Oil Corporation and subsidiary companies, after depreciation, depletion and drilling charges and before Federal Income Taxes, available for interest, for 1926 were \$38,857,966, or more than 9½ times the \$4,000,000 annual interest requirement on combined total funded debt to be outstanding upon completion of this financing; for the six months ended June 30, 1927, were at rate of approximately 4 times the combined requirement; and for five and a half years ended June 30, 1927, were at average annual rate of \$22,918,634, or more than 5½ times this requirement.

Net earnings of Shell Pipe Line Corporation for 1926, after depreciation and before Federal Income Taxes, available for interest, alone amounted to \$5,521,-231, or more than 3½ times the \$1,500,000 total annual interest requirement on this issue. Net profits on capital investment of Shell Pipe Line Corporation, after all charges and taxes, for the 5 years ended December 31, 1926 averaged 23.8% and for 1926 were 24.9%

PURPOSE OF ISSUE: Proceeds of these \$30,000,000 Twenty-five Year 5% Sinking Fund Gold Debentures will be used for construction of additions and extensions to and increasing the capacity of the pipe line system of the Shell Pipe Line Corporation and for other corporate purposes.

Consolidated net earnings of the company and its subsidiaries for the period of five years to December 31, 1926, including the earnings of G. H. P. Cigar Co., Inc. for the full period, after depreciation and Federal taxes, and including the earnings of G. H. P. Cigar Co., Inc. for the full period, after depreciation and Federal taxes, and after all interest except interest actually paid on the company's \$10,000,000 6% convertible notes, issued in September, 1926 and to be presently retired, as certified by Messrs. Peat, Marwick, Mitchell & Co., public accountants, have been as follows:

Year coded

Year ended December 31 \$ 844,190 579,478 679 726 1924.....

Earnings as shown above for the year 1926 are approximately 4.2 times the maximum annual dividend requirement on this prior preferred stock, and for the three years ended December 31, 1926, averaged \$2,336,389 per annum, or approximately 3.2 times such dividend requirement. The management believes that earnings for 1927 will be at least equal to those for 1926.

After deducting from earnings in 1926 as above shown the annual dividend requirements on this prior preferred stock and on \$3,407,500 par value of preferred stock now outstanding, there remains \$2,077,278, or \$8.30 a share on the 250,000 shares of common stock now outstanding.

On March 29, 1926 the Federal excise tax on the manufacture of cigars was reduced, resulting in a substantial decrease in that item of expense to the company and its subsidiaries as compared with prior periods included in the above tabulation.

G. H. P. CIGAR CO., INC. STOCK

In 1925 the company acquired the entire capital stock of G. H. P. Cigar Co., Inc. for a price in excess of \$8,500,000. The Federal Trade Commission is seeking to compel the company to dispose of this stock. This purchase was made on advantageous terms, and the management believes that if the company should dispose of this stock it should realize an amount at least equal to the original cost.

PURPOSE OF ISSUE

The proceeds of this issue are to be used for the retirement of the outstanding Ten Year Six Per Cent. Sinking Fund Convertible Gold Notes (approximately \$9,500,000, after application of a sinking fund payment made on October 15, 1927), and for other corporate purposes.

We offer this prior preferred stock, with common stock subscription warrants alloched, for delivery if, when, and as issued and accepted by us, subject to the approval of stockholders of the company and to approval of legal proceedings by counsel. It is expected that delivery will be made on or about November 11, 1927, in the form of temporary stock certificates and warrants of the company or interim receipts of Dillon, Read & Co.

This Year-Every Year-Consult Your Attorney

DEOPLE of property are gradually learning that it pays to have La personal attorney and to consult him-not once, merely, as when making your will; but periodically, from year to year.

Your circumstances, your estate, the number and condition of your dependents, all are subject to change. Inheritance tax laws and other legal requirements are revised and amended. Plans previously set up for the disposal of your estate may now be obsolete—you can perhaps save a great deal by amending them.

There is no safer rule for the man of property than to discuss his will and the arrangement of the estate with his personal attorney from time to time

Local and National Display Advertisers Decide
That The Curtis-Martin Newspapers Alone
Dominate The Philadelphia Market!

DURING the first nine months of 1927, eight hundred and thirty-nine local and national advertisers—keen minded, analytical, and shrewd buyers of advertising space—used the Curtis-Martin Newspapers' exclu-

sively to cover Philadelphia and its trading area!

Eight hundred and thirtynine advertisers whose appropriations must sell automobiles, furniture, clothing,
foodstuffs, and commodities
of all kinds in the Philadelphia market, are depending
wholly upon the CurtisMartin Newspapers to carry
their messages to the buying power of Philadelphia,
represented by the circulation of these newspapers—
backing up that faith with
their advertising dollars!

What bearing has this upon your own advertising? The same Public Ledger and Illustrated Sun readers who are buying the products of these manufacturers

and the merchandise of these retailers, exclusive Curtis-Martin Newspaper advertisers, are also buying what you sell! And their buying preferences are determined largely through the advertising in the newspapers they read.

You, too, can dominate the entire Philadelphia territory by concentrating your display advertising in the Public Ledger, Daily, Evening and Sunday, and The Illustrated Sun.

Please don't think me a silly fool, for I really want advice.

Eighteen Year Old.'

I am afraid I have to think a girl of 18 who looks upon marriage as a novelty as a brainless little soul.

Marriage is no novelty; it is a serious fact once you have that little band alipped on your finger. It is one of the things in life, in fact, that you can't just order and return if you don't like it. Even with the easy divorce system familiar to our country you can't take it as lightly as that. If for no other reason it will upset any other plans you have in mind. What man, for example, would want to marry a girl who got married for enovelty's make after a divorce had released her? You couldn't convince him that he was anything but novelty No. 2, to be superseded later by No. 2, and so on.

It isn't often expressed so blandly as you express it, but there are a number of girls who have an idea that they can get married to one man, and later, if they don't like it, can pick up the reins where they dropped them some time back. It can't be

But there are numerous methods of introducing this touch which are much more startling.

For example, there is the gown that makes its neck line perfectly regular in front to contrast with the diagonal one sided treatment of the back. Where such inverted processes obtain, what more logical than that the inevitable bow should follow the diagonal and be placed at the kerchief college.

Itable bow should follow the diagonal and be placed at the rear?

Then there is the kerchief collar. Strange how attached we became to that cowboy knot of material around our throats! So profound is the attachment that we have borrowed it from our summer sports clothes to deck our dressiest restaurant model. Thus a costume of black velvet and black crêpe worn by one smart New Yorker makes a kerchief collar of its skirt's black velvet for the black crêpe jumper.

How to Remove That

That repellent yellowish tinge on your teeth... Here is bow millions banish it for glorious white teeth.

Teeth of slightly yellowish hue can now be made to gleam like polished pearls. The method is safe, simple and pleasant. We ask you to try it today. With no other

dentifrice can you accom-

beauty ... whiteness that charms and enchants!

"Yellow Mask," as this condition is called, is caused by a "liquid cement" in your saliva. It glues to your teeth, then hardens. Tobacco, food and coffee stain this glassy mask an unsightly yellow. Ordinary dentifrices cannot remove this mask—they gloss right over it.

Moderation in Women's Sports Is Director's Plea

The question of limiting girls to less strenuous athletic activities than mer may indulge in without harm was raised recently by an eminent woman

health director.
It is a query that comes up for an alysis every once in a while and, be-cause of the unusual feats of women of recent days it threatens to become an issue in programs of athletics for the fair sex.

The consensus of medical men and reputable athletic directors is that girls anything else is a training and a taste should be restrained from entering for exercise that they will not forget strenuous sports competition. Too to keep up after they are away from often nervous allments are the result.

lead to the danger or hervols broad downs.

"Athletics for girls," Miss Trilling claims, "should be under the direction and supervision of well trained women and not men coaches. The latter are likely to overestimate a girl's strength. No girl should be allowed to indulge in games which tax her energy and may cause permanent injury."

It is moderation Miss Trilling pleads for in women's athletics. It is just as harmful, in her opinion, to overtax the strength of a girl in the prime of youth as to indulge girls the point that they take no

at all. School programs, she believes, should be enriched by offering a variety of sports that will be suited to the tastes and physical needs of individual girls. The school girl athletic program un

BEAUTY ANSWERS

BY ANTOINETTE DONNELLY ENID: VASELINE IS NOT HARMful to the eyebrows and lashes, bu ful to the eyebrows and lashes, but in applying it you want to use care not to let any get into the eyes, as it irritates them. With an eyebrow brush or a small fine tooth brush brush the eyebrows night and morning. It promotes their growth, makes them glossy and trains them into shape.

DAILY READER: YOU MAY grow taller, but if you do it will be but slightly. Games that require stretching and high reaches, as in bas ket ball and tennis, are advised for in-creasing height, although these means are not always successful.

HELPI HELP!! HELPIII

If there ever was a time that any real estate company needed help to take care of their prospects we do at this time.

Sunday, October 30, we are having a grand celebration and corner stone laying at our ideal home at Lombard Terrace. Announcement of any real estate firm in Chi same will appear in all the limits of Chicago, Chicago newspapers, along with broadcasting over the W-C-F-L Radio.

One million circulars distributed throughout Chicago and surrounding territory and a number of other advertising features which is going to be the cause of over ten thousand people to be on our property this week-end. Although we have a large

sales force, we are not equipped to handle a crowd of this size, so if you have sales ability, whether experienced or not in the real estate field, and would appreciate an opportunity to make several thousand dollars North within the next few days, come in and see me person-
